10 years would be worth commemorating in any time, but the past year gave us all the unexpected gift of reflecting more and approaching life through a new lens. In this reflection we think of you, our loyal customers who have blessed us with the strong roots we needed to navigate the obstacles of 2020 and the privilege to create and embrace outdoor spaces in a time when everyone needed it most.

We recognize and appreciate the role our products play in shaping environments to escape, relax, and unwind for our customers and their families. SLIDING OUR WAY TO INNOVATION

One afternoon, our product development team ventured out to a resort to observe pool goers interacting with our products. (Yes, we get to call an afternoon at the pool “work.”)

We noticed something that surprised us. Rather than laying on the Chaise, the way it’s typically used, a handful of kids were using its curves as a slide. We watched as they entertained themselves for hours, and realized they might be onto something. Their inventive approach inspired the Signature Slide; designed so adults can take back their seat for lounging, and kids can enjoy uninterrupted play on the pool’s ledge.

SLIDE

Designed for in-water use in a maximum of 12".
Slide and landing area must be on a tanning ledge of an in-ground swimming pool.

See spec sheet or installation instructions for full proper use requirements.

Designed for ages 3+ Children only - 70 lbs (32kg) weight limit.

NOT YOUR AVERAGE ADIRONDACK CHAIR

When developing our Mainstay Collection, we were focused on introducing the perfect Adirondack. We examined every facet of the design and history of this classic chair. We were relentless about making an elevated and unique design because the world doesn't need just another Adirondack chair. Our obsession was rewarded with this modern, seamless, and virtually indestructable Mainstay Adirondack.

A LOOK INSIDE:
CUSHIONS AND PILLOWS

Wet, dirty, or moldy cushions can quickly ruin a day spent outdoors. Our cushions and pillows, made in-house by a dedicated sewing team, are over-engineered to ensure year round, uninterrupted use.

By using marine grade fabrics, crushed fast-dry foam, and sealing it all together with stainless steel hardware, we ensure outdoor time is uninterrupted and cushions remain ready to use.

FAST DRY CUSHIONS
Spend less time cleaning and more time relaxing on fade-resistant, mold-free cushions. Our open-cell foam and high-quality fabric dries quickly and cleans easily.

BLEACH CLEANABLE
Our pillows and cushions are rugged enough to hold up against outdoor elements and harsh chemicals, while maintaining a comfortable and relaxing feel.
