

Ultimate™ in Graphite Grey

- Architecturally contemporary modern clean and crisp design that is beautifully proportioned
- The Ultimate features the pool, built in spa and splash deck providing 3 amazing features in one pool design
- Large built in square spa that can fit 4-6 people and can be heated with an optional gas heater or heat pump
- Spa has an entry and exit step and two built in spillover edges into the pool area and splash deck area creating a beautiful built in water feature
- Large splash deck area which is great for kids and adults to play and relax
- Extra wide bench after the splash deck enabling swimmers to sit and talk to people in the spa
- Deep end swim out bench and entry and exit steps on either side to relax and to provide access in and out of the pool
- Safety ledge encourages confidence and rest area for kids while also providing additional structural strength to the pool structure

Ultimate™ in Crystal Blue
