LEISURE POOLS®
SWIMMING IN QUALITY AND STYLE®

FACT SHEET

The Summit™

Summit™ in Diamond Sand

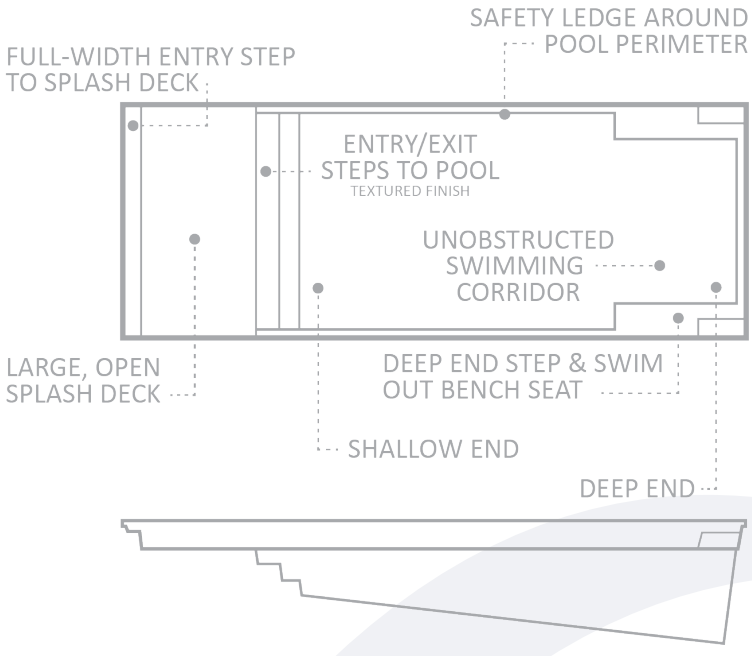
The Summit™ provides both style and comfort.

Based upon the popular design of the larger Pinnacle™ design, it features a full-width entry step at the shallow end that incorporates a grand splash deck area for little ones to play in, to support reclining chars or simply to relax in.

Offers a great depth variety to appeal to all levels of swimmers. Deep end seats and entry and exit steps provide an area for rest & relaxation within the pool.

Width allows for more suburban settings and more landscape accommodations.

Safety ledge encourages confidence and provides rest area for kids and less experienced swimmers while also providing additional pool frame strength.



LENGTH	WIDTH	SHALLOW END DEPTH	DEEP END DEPTH
35’ 0”	14’ 0”	4’ 4”	6’ 6”
30’ 0”	14’ 0”	4’ 4”	6’ 0”

*Some measurements rounded
